Shreya Plasto Bathware Pvt. Ltd.

"Perception into Reality"

Plasto group was founded in 1986 at Nagpur Maharashtra. The idea of Shreya Plasto Bathware brand creation was born with exclusive focus on plumbing industry. The team of technical experts and management masters laboured hard and long, tuning and fine-tuning to prosper and to meet our dreams and entered into Faucet industry with range of quality products.

Pulsating market, precise production, effective sales, logistic distribution appropriately back by effective administration and management has help establish the Plasto shreya Bathware brand image. We are amazed at the pace at which events have taken place, converting those hazy perceptions in to a reality today.

"Innovation"

PLASTO has always believed in the power of innovation, which drives technological advancement, leading to quantum leaps forward in functionality and durability.

We have a team of people dedicated to developing product ranges that are innovative in their form and functional in design. We design products that not only look great but are easy to install, maintain and minimize environmental impact.

- **Casting**
Casted with best in class foundry machines providing uniform wall thickness and added durability.
- **Machining**
Machined using fully automated 8 spindle SPM - CNC machinery.
- **Grinding & Polishing**
Polished with ease by our team of highly experienced craftsman.
- **Plating**
Plated using a specialised MTO machine and a proprietary formula for the best in class look & finish.
- **Assembly**
Assembled using automated machinery for reliable consistency.
- **Testing**
Tested using a 2 stage air testing mechanism.
- **Internal Parts**
Child parts (Spindle, Premix, nuts etc) made using premium quality brass
- **Aerator Technology :**
PLASTO uses world class aerators integrated with Radial Dicing structure to protect against lime build up & ensures soft water flow.
PLASTO uses latest plating technology to give an aesthetic and elegant look. The mirror shiny surface not only gives rich appearance but also acts as a protection layer towards tolerance to corrosion & poor water quality.
- **Operate Smoothly :**
PLASTO uses some of the world's best cartridges from a leading European Company, which provides comfort & flawless smooth operation.
- **Design Expertise :**
Our in-house designers work with passion to blend creativity & innovation. They keep exploring new approaches to create new concepts for the future.
- **Zero Drip :**
Each & every faucet is tested with water pressure & air pressure to ensure that not a single faucet leaves the Unit without quality check.
- **Whisper :**
Our dedicated team not only designs products that look great but ensures that there is no imitating noise of water hammering.
- **Eco Care :**
Plasto cares for environment hence the entire team supports & follows eco friendly approaches to save water & energy.

Brand value of Plasto CP fittings

- Endurance testing: 5,00,000+ turns
 - Salt Spray testing: 500+ hours
 - German design Spindle with 3 layer leak protection.
 - Inhouse production of every casted bathroom fitting
 - Reliable consistency and uniform wall thickness.
 - All brass child parts.
 - Inhouse plating for body, child parts, flange for a uniform finish.
 - German brand aerator and best in class rubber parts used.
 - Dual pneumatic air testing for body and functionality for each piece.
 - Made using only the most premium brass ingots with strict composition control.
 - With 4 Layer Chrome Plating
 - 48 Tanks Chrome Plating Line
- Plating layers :**
- Strike Nickel Layer - 4 micron
 - Bright Nickel Layer - 8 micron
 - Thick Chrome Layer - 0.3 micron
 - Hydrophobic Layer

German Design Cartridges to ensure smooth & leakage free operation for a lifetime

Trouble free operation for nearly 15 years
Considering 80-100 per day

Uniform wall thickness for uninterrupted flow using Core shooter technology

Highly-reflective mirror-like chrome finish with stain & hard water resistance

High Quality Brass premix & aerators made of food grade plastic for a streamlined, splash-free foam flow & designed to work from +5° C +65°C effectively

GERMAN DESIGN SPINDLE

1. 3 Layer Leak Protection

- a) Inner O Ring : Facilitate Smooth Movement of Ceramics Discs
- b) Middle brass ring : Holds both O ring in one Place.
- c) Outer O Ring : Provides Long Lasting Water-tight Seal

2. Copper Lock

3. World class tested O rings

4. German quality food grade grease.

5. 95 % purity ceramic discs.

6. Universal market standards design

7. Fully repairable

8. 5,00,000 + Turns tested.

9. Made using fully automated machinery.

10. 5 Years warranty.
